

## DIVAL EVOLUTION

A BRAND-NEWLOOK

Compatible with our systems P26 and P40, the Dival Evolution offers several types of joint-covers : directly clipped to the Dival stud, the 4 varieties of profiles meet up aesthetic and technical requirements.

Dival stud

Flat joint-cover  
40x1,5mm (ED CJ4)

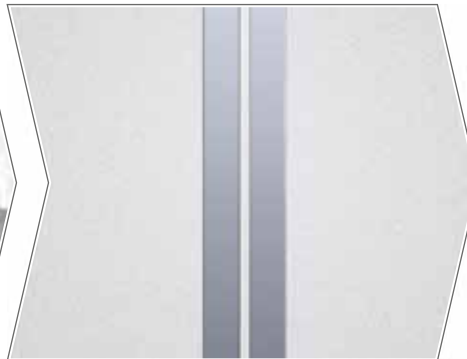

Flat joint-cover  
40x5mm (ED CJ5)

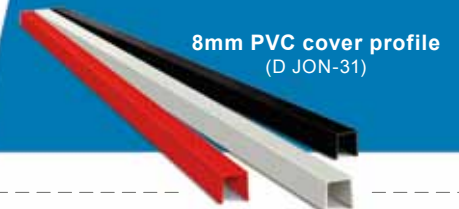

Omega joint-cover  
40x1,5mm (ED CJO)

Gap joint-cover  
40x1,5mm (ED CJC)

For a better and customised office environment, you can choose among 8 different colour PVC cover profiles.

8mm PVC cover profile  
(D JON-31)

Together with the Omega joint-cover, there is a wide variety of accessories :

Aluminium slot chanel with their aluminium brackets for wooden and glass shelves.

And all the usual options still available : picture hooks, electrical rail, light switch integrated to the doorframe jamb, electrical strike plate...
